

jQuery Quiz II

1. Find the text in the first paragraph (stripping out the html), then set the html of the last paragraph to show it is just text (the red bold is gone).

```
<!doctype html>
<html lang="en">
<head>
  <meta charset="utf-8">
  <title>text demo</title>
  <style>
    p {
      color: blue;
      margin: 8px;
    }
    b {
      color: red;
    }
  </style>
  <script src="http://code.jquery.com/jquery-1.9.1.js"></script>
</head>
<body>
  <p><b>Test</b> Paragraph.</p>
  <p></p>
  <script>
    $(document).ready(function(){
      var str = $("p:first").text();
      $("p:last").html(str);
    });
  </script>
</body>
</html>
```
